

— Residential | Rate 1 —

Description	Rate	Reference	Energy Charge	Rate	kWh Min	kWh Max
Basic Charge	\$ 0.57	Per Day	Tier 1	\$ 0.04702	-	No Max
Minimum Charge	\$ 20.00	Per Month				

— General | Rate 2 —

Description	Rate	Reference	Energy Charge	Rate	kWh Min	kWh Max
Basic Charge (1-phase)	0.72	Per Day	Tier 1	0.04389	0	10000
Basic Charge (3-phase)	1.08	Per Day	Tier 2	0.04389	10001	No Max
Demand Charge	4.05	Per KW Billing Demand. Only applies if KW Billing Demand is >= 100 KW and if Demand Charge is > then the sum of Basic/Energy Charges. If applies, then Basic/Energy Charges are waived.				
Minimum Charge		The greater of the Demand Charge or the sum of the Basic and Energy Charges.				

— Irrigation | Rate 3 —

Description	Rate	Reference	Capacity Charge <sup>(1)</sup>	Rate	HP Min	HP Max
Basic Charge (1-phase)	30.36	Per Month (Min Charge   7 Months)	Tier 1	2.76	0	75
Basic Charge (3-phase)	43.35	Per Month (Min Charge   7 Months)	Tier 2	2.53	76	No Max
Energy Charge	0.02993	Per kWh (7 Mo. Irrigation Season)	<sup>(1)</sup> Based on a 7 month irrigation season, billed monthly.			

— Large General | Rate 7 —

Description	Rate	Reference	Energy Charge	Rate	kWh Min	kWh Max
Basic Charge	153.36	Per Month	Tier 1	0.02171	0	50000
Demand Charge	5.13	Per KW Billing Demand	Tier 2	0.0192	50001	No Max
Minimum Charge	153.36	Per Month				

— Industrial | Rate 14 —

Description	Rate	Reference	Energy Charge	Rate	kWh Min	kWh Max
Basic Charge	651.14	Per Month	Tier 1	0.02103	0	7300000
Demand Charge	5.34	Per KW Billing Demand	Tier 2	0.03391	7300001	No Max
Minimum Charge	0.75	Max Billing Demand (last 12 mths). Billing Demand is the larger of the contract demand (if any) or the highest 15-minute demand during the month, adjusted up to 95% power factor.				

— Large Industrial | Rate 15 —

Description	Rate	Reference	Energy Charge	Rate	kWh Min	kWh Max
Basic Charge	1017.5	Per Month	Tier 1	0.02597	0	10950000
Demand Charge	5.78	Per KW Billing Demand	Tier 2	0.0296	10950001	21900000
Additional Charges	EUDL CRAC	See Rate Schedule Details	Tier 3	0.03097	21900001	No Max
Minimum Charge	0.75	Max Billing Demand (last 12 mths). Billing Demand is the larger of the contract demand (if any) or the highest 15-minute demand during the month, adjusted up to 95% power factor.				

— Ag Food Processor | Rate 16 —

Description	Rate	Reference	Energy Charge	Rate	kWh Min	kWh Max
Basic Charge	651.14	Per Month	Tier 1	0.02046	0	7300000
Demand Charge	5.36	Per KW Billing Demand	Tier 2	0.03391	7300001	No Max
Minimum Charge	0.75	Max Billing Demand (last 12 mths). Billing Demand is the larger of the contract demand (if any) or the highest 15-minute demand during the month, adjusted up to 95% power factor.				

— Ag Food Processor Boiler | Rate 85 —

Description	Rate	Reference	Energy Charge	Rate	kWh Min	kWh Max
Basic Charge	1268.38	Per Month	Tier 1	0.02714	0	7300000
Demand Charge	5.93	Per KW Billing Demand	Tier 2	0.03095	7300001	No Max
Minimum Charge	0.75	Max Billing Demand (last 12 mths). Billing Demand is the larger of the contract demand (if any) or the highest 15-minute demand during the month, adjusted up to 95% power factor.				

— New Large Load | Rate 94 —

Description	Rate	Reference	Energy Charge			
Basic Charge	See Above	Applicable Rate 14,15,16, or 85	Greater of: the Weighted Ave Index Price ICE Daily Power Indices for the Mid C at peak and off-peak for the month or the largest energy block on Rate 15, plus a 5% premium.			
Demand Charge	See Above	Applicable Rate 14,15,16, or 85				
Minimum Charge	0.75	Max Billing Demand (last 12 mths). Billing Demand is the larger of the contract demand (if any) or the highest 15-minute demand during the month, adjusted up to 95% power factor.				

Rate Class	Availability
Residential Rate 1	To single family dwelling, individual apartment or farmhouse for single-phase service.
General Rate 2	To accounts with loads not exceeding 500 KW Billing Demand for general service, commercial, multi-residential and miscellaneous outbuilding lighting, heating and power (excepting irrigation service) requirements.
Irrigation Rate 3	Customers with irrigation, orchard temperature control or soil drainage loads not exceeding 2,500 horsepower and other miscellaneous power needs including lighting. For miscellaneous power requirements, customers will furnish additional transformers and other equipment necessary. A grinder, chopper, welder, etc., may be used on a limited operation basis; provided, a double-throw switch or other suitable device is installed that will disconnect one piece of equipment from the line while the other is in operation; provided further, that the load so connected is less than the primary load.
Large General Rate 7	To accounts with loads not less than 200 KW or more than 5,000 KW Billing Demand for general service lighting, heating and power requirements. Service will NOT be provided under this rate schedule to process heating or boiler service loads greater than 3,000 KW unless such loads were served on this rate schedule prior to January 1, 2001. Such loads will be served on Rate Schedule 85 or its successor.
Industrial Rate 14	To industrial customers whose Billing Demand is greater than 5 MW/MVA and less than 15 MW/MVA, provided however, service to any Customer load or portion thereof which is or becomes a New Large Load as defined by the District's Customer Service Policies shall be served at the rates specified in Rate Schedule No. 94.
Large Industrial Rate 15	To industrial customers whose Billing Demand is greater than or equal to 15 MW/MVA, provided however, service to any Customer load or portion thereof which is or becomes a New Large Load as defined by the District's Customer Service Policies shall be served at the rates specified in Rate Schedule No. 94.
Ag Food Processor Rate 16	Customers whose Billing Demand is greater than 5 MW/MVA and less than 15 MW/MVA at plants where the primary purpose is processing, canning, freezing or the frozen storage of agricultural food crops (including livestock, poultry and fish), provided however, service to any Customer load or portion thereof which is or becomes a New Large Load as defined by the District's Customer Service Policies shall be served at the rates specified in Rate Schedule No. 94.
Ag Food Processor Boiler Rate 85	To electric boilers which are separately metered and are primarily used for the purpose of processing, canning, or freezing agricultural food crops (including livestock, poultry and fish), provided however, service to any Customer load or portion thereof which is or becomes a New Large Load as defined by the District's Customer Service Policies shall be served at the rates specified in Rate Schedule No. 94.
New Large Load Rate 94  (If Applicable, supplemental to Rate Schedules 14, 15, 16, or 85)	To all New Large Loads, as defined by the District's Customer Service Policies. Service to such loads will be in accordance with the terms of this rate schedule.

— Evolving Industry | Rate 17 A —

Description	Rate	Reference (effective 2/1/23)	Energy Charge	Rate	kWh Min	kWh Max
Basic & Min. Charge	1.04	Per Day	Tier 1	0.08535	0	No Max

Effective 2/1/23

— Evolving Industry | Rate 17 B —

Description	Rate	Reference (effective 2/1/23)	Energy Charge	Rate	kWh Min	kWh Max
Basic Charge	1000	Per Month	Tier 1	0.00389	0	No Max
Demand Charge	28.18	Per KW Billing Demand (same)				
Minimum Charge	0.75	Max Billing Demand (last 12 mths). Billing Demand is the larger of the contract demand (if any) or the highest 15-minute demand during the month, adjusted up to 95% power factor.				

Effective 2/1/23

— Alternate Energy Resources | Rate 13 —

Description	Rate	Reference	Energy Charge	Rate	Reference	
Other charges are applicable pursuant to underlying Rate Schedule.			Add'l Charge	0.75	Per 100 kWh Block	
Rate 13 does not provide electric service or electric power.						

— Renewable Energy Certificate Purchase | Rate 13 REC —

Description	Amount	Reference	Energy Charge	Rate	Reference	
Incremental Block Size	100	MWh	Charge	Market	See Rate Schedule details	
Minimum Purchase	1000	MWh equivalent Per transaction				
Maximum Purchase	Applies	See Rate Schedule details				
Admin Charge	1500	Per Transaction				
Other charges are applicable pursuant to underlying Rate Schedule.						
Rate 13 does not provide electric service or electric power.						

— Specified Source Purchase | Rate 13 SS —

Description	Amount	Reference	Energy Charge	Rate	Reference	
Incremental Block Size	100	MWh	Charge	Market	See Rate Schedule details	
Minimum Purchase	1000	MWh equivalent Per transaction				
Maximum Purchase	Applies	See Rate Schedule details				
Admin Charge	3000	Per Transaction				
Other charges are applicable pursuant to underlying Rate Schedule.						
Rate 13 does not provide electric service or electric power.						

— Commercial Fast Charging Electric Vehicle Service | Rate 19 —

Description	Rate	Reference (effective 5/1/23)	Energy Charge	Rate	kWh Min	kWh Max
Basic Charge	51.23	Per Month	Tier 1	0.03454	0	No Max
Demand Charge	7.69	Per KW Billing Demand				
Minimum Charge	435.73	Per Month				

Effective 5/1/23

— Street Lighting | Rate 6 —

Coventional	Rate	Reference	Decorative	Rate	Reference	
Group 1	9.66	5,800/16,000 Lumen 70/150 Watt	Unit 1	43.09	See Rate Schedule details	
Group 2	13.08	22,000/27,000 Lumen 200/250 Watt	Unit 1A	22.94	See Rate Schedule details	
Group 3	18.47	50,000 Lumen 400 Watt	Unit 2	44.3	See Rate Schedule details

Standards	7.81	35' - 40' Mounting Height	Option	3.05	Reflector/Refractors, pair	
			Option	0.8	35 Watt two lamps	
			Option	1.49	70 Watt two lamps	
			Option	3.05	150 Watt two lamps	

Rate Class	Availability
Evolving Industry Rate 17 A	<p>To accounts whose load activity and / or industry is classified as an Evolving Industry. If any part of the a load is classified as Evolving Industry, all loads measured by that meter are subject to this rate.</p> <p>For retail customers that would otherwise be served as Residential, Rate Schedule 1, and other retail customers with service less than 200 KW Billing Demand.</p>
Evolving Industry Rate 17 B	<p>To accounts whose load activity and / or industry is classified as an Evolving Industry. If any part of the a load is classified as Evolving Industry, all loads measured by that meter are subject to this rate.</p> <p>For retail customers with service of 200 KW or greater Billing Demand.</p>
Alternative Energy Resources Rate 13	<p>To all metered retail customers within the District’s retail service territory who wish to purchase Alternative Energy Resources.</p> <p><b>Alternative Energy Resources Program</b> - This program provides the customer with the voluntary option to purchase Qualified Alternative Energy Resources, as required by RCW Chapter 19.29A. The District may provide alternative energy resources from any qualifying resource.</p>
Renewable Energy Certificate Purchase Rate 13REC	<p>To any retail customer with service in Rate Schedule Nos. 7, 14, 15, 16, or 85 who wishes to voluntarily purchase Renewable Energy Certificates (RECs).</p> <p><b>Type of Service</b> - This schedule provides customers with the voluntary option to purchase the following two types of Renewable Energy Certificates:</p> <ol style="list-style-type: none"><li>1. <b>National Green-e Certified</b></li><li>2. <b>Washington Qualified</b></li></ol> <p><b>Election Open Periods</b> - The election open periods, process for communication, confirmation, and purchase will be in accordance with Grant PUD’s Voluntary Energy Resource Alternatives Handbook.</p>
Specified Source Purchase Rate 13SS	<p>To any retail customer with service in Rate Schedule Nos. 7, 14, 15, 16, or 85 who wishes to voluntarily purchase Specified Source energy, where the source is known and the carbon emission factor is zero. Preference will be given to Hydroelectric facilities near Grant PUD’s service area within the state of Washington.</p> <p><b>Type of Service</b> - This schedule provides customers with the voluntary option to purchase Specified Source energy attributes.</p>
Commercial Fast Charging Electric Vehicle Service Rate 19	<p>To eligible retail accounts served by Grant PUD for facilities dedicated solely for direct current electric vehicle charging. Rate is only available to Level 3 (or above) fast charging stations with monthly loads of no more than 3,000 kW Billing Demand at an individual location. Service offered for commercial use only, for example, for fleet vehicles and/or public charging stations. Other electric usage at the same location shall be metered and billed at the otherwise applicable rate for the corresponding retail account.</p>
Street Lighting Rate 6	<p>To political subdivisions of the State of Washington and agencies of the Federal Government providing lighting; and to qualified non-profit corporations, license under RCW Chapter 24.03, providing street lights to platted residential subdivisions consisting of not less than five permanent single-family residences. Service is to be extended upon authorized application, provided security acceptable to the District, is made available to secure payment for services rendered.</p> <p><b>Decorative</b> - To municipalities only for enhancement of central shopping and contiguous business areas.</p>
