

2024 Deemed Irrigation Rebate Measures

Energy Efficiency Measures: Deemed Center Pivot | Lateral Move Irrigation Hardware

Eligibility Requirements:

- Your project must be in Grant PUD service territory.
- Your account must be defined as non-residential.
- Projects may require a pre-installation inspection/review prior to installation.
- Newly installed material must meet or exceed current Grant PUD specifications.
- Sprinkler packages are eligible for rebates for each field no less than every five (5) years.

Customer Instructions:

- Complete a Grant PUD Deemed Irrigation Measures Application for your project.
- Submit your application and customer invoice for installed material to Energy Services.
- Grant PUD will review your paperwork and determine if an onsite review is necessary and verify if the suggested upgrades qualify for a rebate.
- Start working on your project and adhere to Grant PUD's Terms and Conditions for Deemed Measures of Eligibility.
- After your project is completed, contact Energy Services to schedule a post-installation inspection and submit a copy of the final customer invoice for the project.
- Upon review and approval of your paperwork, Energy Services will send the rebate amount to the mail address noted on the application.

"Rebate amounts are subject to change."
