

POWERED BY RUSS

grantpud.org

Russ grew up in Moses Lake. He's a father of four. And he's a civil engineer for Grant PUD. He's part of a team working everyday to keep the power on -- for his family and yours.

At Grant County PUD, our team serves more than 40,000 customers. And no matter what role we play, we are committed to doing our part in helping power Grant County in all that we do.

Powering our way of life.

LAST CHANCE TO VISIT TRAVELING EXHIBIT

Since January, The Wanapum Heritage Center is hosting a special Smithsonian Institution traveling exhibition – *Patriot Nations: Native Americans in our Nation’s Armed Forces*. The exhibition was produced by the Smithsonian’s National Museum of the American Indian and made possible by the generous support of California’s San Manuel Band of Mission Indians. It runs through May 18. Visit wanapum.org for more info.

GRANT PUD COMMISSIONERS SET RATES FOR 2018

Grant PUD commissioners approved the next of a proposed series of small, annual electric-rate increases that will generate an estimated 2-percent more revenue over 12 months. New rates took effect April 1.

The increase aligns with commissioners’ strategy and customer preference of small, predictable rate increases over time that protect core customers, including residential and irrigation, from less-frequent, double-digit increases. This helps keep Grant PUD on a sustainable financial path with outstanding service reliability, while keeping rates as low as possible.

The increase generates \$3.8 million in revenue needed to cover capital upgrades at both dams and substations throughout the county at a time when wholesale market prices for surplus power sales has declined.

Customer type	%Increase	Avg. bill increase
Residential (Rate Schedule 1)	1.5	\$1.49
General Service (2)	2.1	\$6.43
Irrigation (3)	3.4	\$24.65
Street lights	0.5	*
Large General (7)	1.0	\$73.85
Industrial (14)	5.0	*
Large Industrial (15)	0.7	*
Ag Food (16)	5.0	*
Ag Boiler	5.0	*

**Bill increases for industrial customers are based on too many factors to be characterized by a single average figure.*

SIGN UP FOR LATEST GRANT PUD FARMING NEWS

Farming is the cornerstone of Grant County’s economy, providing \$1.76 billion annually in overall value to our state, according to the Washington State Department of Agriculture. Soon Grant PUD will be sharing news and info specifically tailored to our ag customers.
