

2022 Energy Efficiency Program

Application for Deemed measures

Prior to start of work please submit to Grant County PUD to check eligibility of rebates

Energy Efficiency Measures: Deemed Center Pivot/Lateral move Irrigation Hardware

New Construction Existing Construction

Date _____ Company Name _____

Project Site Address _____

Mailing Address _____

Meter Number of Project _____ PUD Account # _____

Contact Person _____ Title _____

Phone _____ Fax _____ E-Mail _____

Type of System: Center Pivot Lateral Move Other: _____

Acres: _____ Proposed Date of Install: _____

Existing Sprinkler Type: High Pressure (Greater than 35 PSI) Mid-Elevation Sprinkler Application (MESA)

Center Pivot or Lateral Move Program Deemed Measures		Rebate Each	Quantity
1. Gasket Replacement: Base Boot Center Pivot (1)	AIRHA40004	\$ 100.00	
2. Sprinkler upgrade, convert to MESA from high pressure (2)	AIRHA40216	\$ 2.25	
3. Sprinkler package replacement (MESA) (3)	AIRHA40218	\$ 1.25	

- 1) No more than one gasket shall be claimed per pivot.
- 2) Requires one goose neck and drop tube per drop. AIRHA40218 may be added.
- 3) Package shall include nozzle, rotating or multi-trajectory sprinkler and low pressure regulator.

Term and Conditions for Deemed Measures

Eligibility Requirements

Your project must be served by GCPUD and be defined as a non-residential account. In order to receive a rebate your application must be accepted by GCPUD. Projects may require a pre-installation inspection/review by a GCPUD representative prior to installation. Newly installed materials must meet or exceed current GCPUD specifications. GCPUD reserves the right to reject any application that is incomplete or does not meet program criteria or standards. Rebates are available for projects with agreements signed by customer and GCPUD until GCPUD funds expire.

Agreements & Conditions

Codes and Permits. The Owner agrees to secure permits and comply with all applicable federal, state and local codes and requirements concerning design and installation of all energy conservation measures. Where permits are required, installation must be approved by Authorities Having Jurisdiction. Owner agrees to maintain compliance documents in their files and have them available for review if requested.

Compliance. Owner is solely responsible for proper installation and operation of conservation measures installed under this Agreement. The failure to meet all of GCPUD's requirements may result in a reduction or elimination of rebate.

Disclaimer of Design and Performance Warranties. GCPUD makes no warranties, whether express or implied concerning the design, energy savings or the energy efficiency of the conservation measures.

Indemnification. Owner agrees to hold harmless and indemnify GCPUD from and against any and all claims, costs, expenses and liability of whatsoever kind or nature arising from or related to the Owner's performance of its obligations herein, technical requirements, standards and design requirements.

Audits/Inspections. Owner agrees to allow GCPUD staff to do an audit of existing measures before any changes, and a post-installation inspection of installed measures in order for GCPUD to determine the estimated and actual energy savings achieved by the installation of the upgraded measures. Audit and inspections will be done during normal business hours.

Payment. **Equipment and Labor invoices as well as any other required information must be submitted to the GCPUD before payment is made.** After acceptance and determination by GCPUD that all standards, technical requirements and conservation measures have been installed in accordance with this document, GCPUD shall pay the Owner. This rebate amount shall be calculated (**using current incentive rates**) at completion of project by GCPUD representative.

Customer Instructions

Complete Application: Customer and/or contractor completes a GCPUD Energy Efficiency Program Application and any other required documentation for project.

Submit Paperwork to GCPUD: Submit application and invoice of installed material to GCPUD for approval.

GCPUD Review: GCPUD will review your paperwork, determine if an onsite review is necessary, verify suggested upgrades qualify for rebate and notify you when work may begin.

Begin Work: Start work on project adhering to GCPUD Terms and Conditions of Eligibility.

Schedule an Inspection: When project is completed contact GCPUD for a post-install inspection and submit a copy of the final customer invoice for the project.

Agreement

As an authorized representative of _____, which is a qualified GCPUD customer, I certify that I have read and understand the GCPUD Terms and Conditions for my project and agree to abide by those requirements. I certify the information on this application is true and correct to the best of my knowledge.

This agreement shall be supplemented with a Conservation Agreement for rebate amounts greater than \$25,000.
